

Call for Poster Abstracts 2019 WTS Annual Conference

WTS International invites you to submit a poster abstract for the 2019 Annual Conference in Boston. The conference will take place May 15-17, 2019. The event will bring together transportation professionals to share their experiences and insights on how they are making changes for the future in this ever-evolving field.

A poster gallery highlighting projects, facilities, research and experiences that align with the Conference theme will be on display for attendees to view throughout the course of the conference.

If selected to present your poster, you will need to register for the conference and be on-site with your poster at the designated times. Authors will be expected to share insight about their poster during the Mix N' Mingle Reception on Thursday evening and during Coffee Breaks throughout the conference. This is an opportunity to engage with others in conversation about your poster. The poster session is intended to be casual and conversational; there will be no formal presentations.

WTS International will provide a vendor to print and deliver posters to the Conference venue. You will be responsible for designing, proofing and paying for the printing and foam core mounting of your poster.

Poster session selection notifications will be sent to the point of contact in December 2018. Participation confirmation will be required within 10 business days of the selection notification date. Note that this submission is only for an abstract. More details will be provided to selected participants.

Thank you in advance for your valued participation! Please complete and submit this application by **November 30, 2018** using this [Google Form link](#).
