As I complete my first year as president, I am gratified by the support WTS-GNY has received from the region’s transportation community. One of the board’s key goals has been to grow our Corporate Partnership Program as a means of ensuring the Chapter’s financial stability and strengthening our relationship with local transportation leaders. The industry responded and our Chapter ended the year with 27 Corporate Partners, compared to 13 at the beginning of 2010.

Thanks to our Corporate Partners, we were able to provide top-quality programs and professional development opportunities to our members, including the Mentoring program; tours of the Atlantic Avenue Tunnel and the World Trade Center site; and joint programs with other professional associations such as the Society of Women Engineers and Institute of Transportation Engineers. WTS-GNY is also proud to have awarded scholarships to four outstanding undergraduate and graduate students. Our goal in 2011 is to increase the number of free and low-cost events to support our young professionals and those who may be hurt by this tough economic climate. The Chapter will also award scholarships to attend WTS International’s Annual Conference in San Francisco in May 2012.

Please join me in thanking our board of directors, committees, and Advisory Board, for none of this could have been accomplished without their hard work and dedication.

Sincerely,

Marcia Shapiro, President 2010-2012

The Greater New York Chapter would like to take this opportunity to thank all the companies, agencies and individuals who have generously contributed to WTS-GNY and supported our programs and services. We look forward to your continued support in 2011.
**Woman of the Year**

**Pippa Woods** is a 29-year veteran of the transportation industry in Canada and the United States with expertise in strategic and business planning, and innovative program development at the state and federal levels. Currently, she serves as Policy Advisor for Transportation in the Office of the Governor of New Jersey. Prior to this appointment, Pippa worked in NJ Transit’s Capital Planning Department, focusing on intermodal and interagency coordination. In this post, she represented the Executive Director on the three Metropolitan Planning Organizations in New Jersey, as well as coordinated transit interests within state government. Pippa also served as the Business and Project Development Director for the Alan M. Voorhees Transportation Center in the Edward J. Bloustein School of Planning and Public Policy at Rutgers.

Pippa joined WTS in the 1990s. In 1996, she assisted the Program Committee to prepare for the Annual Conference in New York. In 2001, Pippa was asked to join the Board. It was under President Dédi Gonga’s leadership that the Chapter held its first Gala, as it was called back then, at Bridgeworks in South Street Seaport. Pippa co-chaired the committee. The Chapter achieved some impressive firsts with that Gala, which coincided with its 20th Anniversary.

Pippa was on the WTS-GNY Board from 2002 to 2005, serving as President in 2004 and 2005. She was also asked by Mary Jane O’Meara to be a Committee Chair during her National Presidency. Pippa served as Co-Chair of the Chapter Development Committee. WTS welcomed its first International Chapter during this period.

After completing her presidency of the WTS-GNY, Pippa was asked to join the WTS Scholarship Board. During this time on the board, the Chapter launched the WTS Foundation, as a successor to the WTS Scholarship, whose mission was to enhance the scholarship offerings to include high school and professional development, and to undertake research to establish a baseline understanding of transportation policies and programs.

Currently, Pippa is President of the WTS Foundation.

**Member of the Year**

**Linda Travis**’ notable career in the transportation industry spans seven years with Metro-North Railroad (MNR) and 14 years with MTA New York City Transit (NYCT). She is thoroughly committed to improving public transit in the New York-New Jersey region. Linda was the first woman in MNR’s history to hold the title of general foreman in the Mechanical Dept. While at MNR, she earned a master’s degree in transportation engineering. She was subsequently hired as a planner in NYCT’s Operations Planning Division. Her career path led Linda to the position of contract administrator in the Materiel Division and to a role as a customer service coordinator in the Traffic Checking Operations unit, where she remains today. She joined WTS in 1990 and has been selected to chair every committee, except Membership. She has exhibited an incredible commitment to the goals and growth of the Chapter. For Linda, her most rewarding experience has been working with the Mentoring Program. Linda is the Director-at-Large on the 2010-2012 WTS-GNY Board.

**Rosa Parks Diversity Leadership Award**

**Maria Garcia** is a Transportation Analyst in the Regional Transportation Planning group at the New York Metropolitan Transportation Council (NYMTC). Maria’s demonstrated initiative and determination to succeed are evident from the leadership and strategic planning contributions she has made to WTS. From 2005-2010, Maria served as Treasurer, Job Bank Chair, and Director-at-Large. She was responsible for the coordination of this year’s 13th Annual M/W/DBE Expo.

While serving on the WTS-GNY Board, Maria revitalized the Young Professionals Committee. Maria was a nominee for the 2010 WTS Leadership in the 21st Century: People, Policy, and Politics and is currently a WTS International Board member.

**Employer of the Year**

Parsons Brinckerhoff (PB) was founded in 1885 and is headquartered in New York City. PB is a leader in the development and operation of infrastructure to meet the needs of communities worldwide. The firm provides strategic consulting, planning, engineering and program and construction management services to both public- and private-sector clients. PB is active in multiple markets, including transportation, power, buildings/facilities, water/wastewater, environmental and urban/community development.

PB has been a longtime supporter of WTS and encourages its employees to become involved in professional organizations. The Greater New York Chapter boasts over 30 members from PB, many of whom serve on various committees or in other volunteer capacities.
The programs in 2010 focused on the transportation industry’s need to adapt to a changing world and to confront the major problems facing the nation: the recession, population growth, traffic congestion and global warming. Sustainability was a recurrent theme. In addition, WTS-GNY’s programs looked at future opportunities in the Greater New York region.

The Chapter also continued its efforts to increase its New Jersey presence by holding several meetings in the state.

The following is a summary of the variety of topics and fascinating speakers at our 2010 programs.

The WTC tour in December
The long road traveled from fledgling Chapter to a powerhouse organization that commands the respect of the entire New York-New Jersey transportation industry was clearly evident on October 21st as WTS-GNY celebrated its 30th anniversary at its most prestigious and elegant event, the Annual Cocktail Reception at Bridgewaters in Lower Manhattan.

WTS-GNY members and non-members gathered to honor Pippa Woods as the 2010 Woman of the Year, as well as scholarship winners Victoria DeLouise, Heather Diaz, Diniece Peters and Elisabeth Wooten. WTS-GNY also remembered its humble beginnings. Maxine Finkelstein, the Chapter’s first president, presented special recognition awards to the Metropolitan Transportation Authority (MTA), the New Jersey Department of Transportation (NJDOT), NJ Transit (NJT) and the Port Authority of New York and New Jersey (PANY&NJ), which played instrumental roles and provided critical support during the Chapter’s early years.

Our sincere thanks to the following companies who provided in-kind services for the 2010 annual cocktail reception:

- Cambridge Systematics
- CH2M Hill
- Michael Baker Engineering, Inc.
- Parsons Brinckerhoff
- Peckar & Abramson, P.C

WTS would like to thank the Special Events Committee overseen by Linda Travis, Director-at-Large, and co-chaired by Ella McLeod and Lisa Marie Pompei, and volunteers Carmen Baires-Smith, Daniella Bernett, Wilhelmina Brown, Sonia Corredor, Giselle Fernandez, Polina Knaster, Sue Kostner, Allen Lee, Jamielyn LoBello, Camille Gordon-Taylor, Kimberly Patterson, Natasha Peterson, Jeff Reuben, Myriam Marcela Rodriguez, Linda Sylvester, Hollie Wells and Crystale Wozniak. Our thanks also go out to all those who donated items to the Silent Auction, which when combined with monetary contributions, raised $5,000 for the scholarship program and $1,100 for the WTS Foundation’s research program.

Mentoring Program

The 2010 WTS-GNY Mentoring Program concluded with 10 successful apprentices graduating on December 13th. This year’s featured graduation speaker was Felice Farber, a WTS-GNY past president and Director of External Affairs for the General Contractors Association of New York. This was quite a fitting end to the year-long program, since she was one of the program’s founders in 2000! The legacy of advancing women in the transportation industry through this highly regarded program has held its own, stemming from strong roots planted all those years ago. Felice spoke about overcoming perceptions and gaining confidence, and reminded all of us, “Leaders aren’t born, they’re made.”

A special tribute to Brenda McIntosh for her eight years of service as committee Co-Chair was made at the graduation by Beth DeAngelo, WTS-GNY Board Liaison.

Throughout the year, the program held a number of events, including a panel discussion on Networking (Porie Saikia-Eapen, CH2M Hill; Wendy Wark, Metro-North Railroad; Stephanie Pinson, Gilbert Tweed; Julia Kerson, Port Authority of New York and New Jersey); a session with Howard D. Leifman, Leifman Associates; a session on Career Navigation with Deborah Wathen Finn, The Wathen Group, and others.

The apprentice/mentor partnerships develop over the course of the year-long program and are supplemented with events which bring together industry leaders and executives to offer advice and insights. Our hats are off to the 2010 mentors, who so generously gave of their time and expertise to help the apprentices achieve their goals.

The 2011 program begins shortly and we are looking forward to another exciting and successful year as we move into the next decade!

Diversity Committee

The WTS-GNY Diversity Committee works to raise awareness and understanding about diversity through education, programs and initiatives. Our goals include organizing conferences and various initiatives that help advance cultural diversity within WTS and the Greater New York Chapter. Our motto: “Diversity in the workplace: It’s good for you; it’s good for business” highlights the importance of our culturally diverse membership. The Rosa Parks Diversity Award was established to honor WTS members who are dedicated to promoting diversity, whether in the workplace or other areas in life.

The pinnacle of the committee’s efforts in 2010 was its annual Diversity Conference, which was held in March at the MTA’s office at 2 Broadway in Lower Manhattan. The topic was “Surviving a Tough Economy: A Dialogue Among Public- and Private-Sector Leaders.” A lively, interactive discussion on how to develop and market oneself took place among the panelists and wide-ranging attendees.

During the year, the committee more than doubled its membership; developed a mission statement and goals; created a marketing flyer to recruit new members; and developed a list of potential M/W/DBE corporate partners and a marketing letter for outreach. In addition, the committee updated its page on WTS-GNY’s website and pulled together a list of diversity-related organizations which are posted on the website along with a three-part article, “The Evolution of Inclusion.” The Diversity Committee has summed up its mission and vision with the following statement: “We Celebrate All People in Transportation!”
Scholarship Committee

The Scholarship Committee diligently works to keep its database of past scholarship winners current. In this report, we’d like to take the opportunity to shed the spotlight on this year’s winners. It is rewarding for WTS to see that our scholarship awards are providing the financial support to advance Women in Transportation.

2010 Scholarship Winners

MOLTENI UNDERGRADUATE LEADERSHIP SCHOLARSHIP
Victoria DeLouise is currently pursuing a B.S. in International Transportation and Trade with a minor in Intermodal and Maritime Security at SUNY Maritime College in New York. She expects to graduate in May 2013 and plans to pursue a master’s degree in the same field from Maritime College.

As an active student at Maritime, Victoria is part of the Regiment of Cadets, the Italian Club and the Women’s Division III Lacrosse Team. In summer 2010, Victoria interned at a ship brokerage firm where she learned the business side of shipping.

PRESIDENT’S LEGACY GRADUATE SCHOLARSHIP
Heather Diaz is currently pursuing a Master’s Degree in Urban Planning with a specialization in Environment, Infrastructure and Transportation at New York University’s Robert F. Wagner Graduate School of Public Service. She received a B.A. in Sociology and a B.A. in Environmental Analysis and Design, with a minor in Comparative Literature from the University of California, Irvine.

Heather is the President of the Urban Planning Student Association (UPSA) at NYU Wagner. She interned for New York City Transit’s Department of Subways as a Management Support Aide and is now an Operations Intern for the Alliance for Downtown New York and a Research Associate at the NYU Rudin Center for Transportation Policy and Management.

SUSAN MISZKOWICZ MEMORIAL UNDERGRADUATE SCHOLARSHIP
Diniece Peters is currently pursuing a B.S. in Civil Engineering, specializing in Transportation, with a minor in economics at the City College of New York. She is very involved on campus and participates in transportation related research involving Urban Freight Delivery policies in New York.

After graduation in 2012, Diniece plans to start working towards two master’s degrees, one in Civil Engineering and one in Sustainability and the Urban Environment.

Professional Development

In 2010, the Professional Development Committee hosted a range of events geared toward helping WTS members to advance their careers. Programs included a members-only “Speed Networking” workshop in May, featuring speakers Hillary Pearl and Laura Daley; a November event, co-hosted with the Society of Women Engineers (SWE), where Gregory Bradley, the Vice President for Human Resources at Metro-North Railroad, gave a presentation on “Career Navigation Strategies”; and a December technical tour of the World Trade Center site, at which Carla Bonacci, Assistant Director, WTC Infrastructure & Project Development at the Port Authority of NY and NJ served as the speaker.

In the fall, the Professional Development Committee oversaw the 2010 WTS-GNY Membership Survey. The survey was provided online to members only. Over 90 percent of respondents indicated an interest in continuing their involvement with WTS-GNY. Members also expressed satisfaction with the Chapter’s transit-related programming, e-mail communications, leadership and diversity initiatives. WTS-GNY’s committees will be able to use all of the Membership Survey results to plan relevant, targeted and informative events during 2011.

Young Professionals Committee

The Young Professionals had a great year of networking, tours and trivia in 2010. The committee hosted a spring happy hour, attracting students and young professionals from as far away as Philadelphia. In May, over 40 participants enjoyed the members-only Atlantic Avenue “Hidden Subway” Tunnel Tour. The committee offered members and guests access to the world’s oldest subway tunnel, with a tour led by Bob Olmstead, the man who rediscovered the tunnel in 1980. In November, the committee hosted the wildly successful Transportation Trivia Night at Traffic Bar, drawing over 50 participants from transportation firms and agencies in the New York area. The

TS-GNY faced the challenges of a changing economy head on, providing creative programming and strategic fundraising efforts so that the Chapter could continue to meet the needs of a thriving transportation industry. Our corporate partnership program grew by 80 percent in 2010, reaffirming the overwhelming support of the region’s corporate leaders. 2010 also marked the first year that the Chapter supported member attendance at the WTS International conference, an initiative we hope to continue implementing in the coming years. As we look ahead, WTS-GNY will focus on growth, strengthening our programs in central and northern New Jersey, and offering a wider variety of programming to our members.

The accompanying table summarizes the Chapter’s 2010 revenues and expenses.

### Young Professionals Committee

*continued from page 9*

The winning team (and second place team) took home prizes of Barnes & Noble and Starbucks gift cards. The Young Professionals Committee plans to host more unique and interactive networking opportunities for new and experienced professionals alike in 2011.
