

Vasti Mugica is currently employed with Veolia Transportation and has been with the company for eight years. Veolia Transportation is the largest private transportation provider in the United States and Worldwide.

Mugica is the General Manager for the Sky Harbor Airport division and is responsible for overseeing the Phoenix Sky Harbor International Airport Consolidated Rental Car Center bus shuttle, the largest in the United States. She was instrumental with the start up of this operation which began in January 2006.

Prior to transferring to the this division Vasti was the Operations Manager for Veolia Tempe where she was responsible for the daily operations of the City of Tempe transit bus service. She also held the position of Director of Human Resources managing the payroll, accounts payable, accounts receivable, recruitment and benefits.

Prior to working in Tempe, she was the Quality Assurance Manager for the Dallas division and was instrumental with the paratransit dial-a-ride start up, the largest paratransit service in the nation at the time, which provides public transit service for Dallas Area Rapid Transit (DART).

Prior to joining Veolia, Vasti was employed with Hillsborough Area Regional Transit Authority (HARTline) in Tampa, Florida for eight years. During her employment with HARTline she was the Paratransit Manager where she managed the paratransit start up and also held the position of Customer Service Manager in which she managed the transit customer service center.

Mugica is the Immediate Past President of the WTS Phoenix Metropolitan Chapter and Current WTS International Director At Large. She is a Corporate Member of the Arizona Airport Association and Corporate Member of the Support Sky Harbor Coalition. She holds a Bachelor's Degree in Business Management from the University of Phoenix and is a graduate of both the WTS and Veolia Leadership University.
