

Dorri Giles Raposa is a Senior Vice President and Director of Consulting Services at HDR. With more than 30 years experience in the transportation industry, Dorri oversees HDR's consulting practice areas in Transportation and is responsible for leveraging and growing these services across the markets served by HDR, both public and private sector. Consulting services include sustainability, economics and finance, real estate and right-of-way, program management, procurement services, electronic technology, traffic and revenue studies, stakeholder outreach, value engineering, and project controls. A major initiative in the HDR Consulting Service practice is to create and support opportunities to bring sustainable practices to all of our professional service areas through a multi-discipline, multi-modal approach.

Dorri has been actively involved in WTS since she joined in 1991. She served on the Board of Directors and as President of the WTS-Boston Chapter. In 2003, she co-chaired the WTS International Conference held in Boston. For the last five years, she has been International Corporate Relations Chair. Dorri was elected to serve on the WTS International Board as a Director for the 2010-2012 term.
