

**Karen E. Philbrick, PhD**  
Executive Director  
Mineta Transportation Institute  
San Jose State University

Karen Philbrick has served as executive director of the Mineta National Transit Research Consortium and the Mineta Transportation Institute (MTI) since 2014, after five years of service as MTI research director. As research director, she oversaw the work of more than 230 principal investigators, the competitive selection of 138 research projects, and the publication of more than 175 peer-reviewed research reports and journal articles. Dr. Philbrick is responsible for day-to-day administration and management and long-term financial and strategic initiatives.

Prior to joining MTI, she was assistant director of the National Center for Intermodal Transportation at the University of Denver, where her contributions included research expertise on transportation fatigue management and operator response to work-related trauma.

In 2014, Dr. Philbrick was appointed by US Secretary of Transportation Anthony Foxx to her second two-year term on the USDOT Transit Advisory Committee for Safety (TRACS), where she chaired the working group charged with identifying key elements of a fatigue management program for the transit industry.

Dr. Philbrick was elected to the prestigious Executive Committee of the national Council of University Transportation Centers (CUTC) in 2013. Two years later, she was elected CUTC treasurer and in 2016 she was elected Secretary.

Dr. Philbrick received the 2015 CUTC-ARTBA Award for Administrative Leadership and that same year was honored to receive a commendation on behalf of the City of San Jose from Mayor Sam Liccardo for excellence in transportation policy leadership. In 2016 the Conference of Minority Transportation Officials (COMTO) named Dr. Philbrick a “Woman Who Moves the Nation” and the SJSU Urban and Regional Planning Department presented her an award for significant contributions to faculty and students.

On an international level, Dr. Philbrick has contributed to the development of educational and training materials for intermodal specialists. Her work has formed a key portion of an international training effort and seminar, Innovations and Challenges in Intermodal Transportation, in the Philippines and Indonesia. She has been a member of the US delegation to the Asian Pacific Economic Cooperation (APEC) Transportation Working Group since 2000.

Dr. Philbrick serves her profession on the Women in Transportation Seminar (WTS) Foundation Board and as a member of the advisory board for the Los Angeles Metro Office of Extraordinary Innovation (OEI). She serves her community as an active member of the Rotary Club of San Jose where she co-chairs the Fun and Friendship committee and serves on the Rotoplast and Rotocare committees that offer volunteer-based free medical services.

Dr. Philbrick holds a PhD from the University of Denver and an MA and EdM from Columbia University. She earned her undergraduate degree from California State University, Fresno.
