On Thursday, August 15, 2013, Port of Long Beach Acting Deputy Executive Director and Chief Operating Officer **Dr. Noel Hacegaba** and Port of Los Angeles Chief of Design Engineering **Dina Aryan-Zahlan** took to the seas to serve as tour guides for an incomparable WTS-LA members-only cruise of Port of Long Beach and the Port of Los Angeles. POLB Director of Transportation Planning, USC lecturer, and WTS-LA board member **Eric Shen** also welcomed more than two dozen USC students on board. Reports have it that a good networking time was had by all. This event was chaired by Programs Co-Chair Lisa Karwoski of Mott MacDonald.
