

WTS Los Angeles Demonstrates How to Recognize Stars in Hollywood

Stephanie Wiggins (WTS-LA 2013 Woman of the Year), 2017

Though it is an honor to be nominated, something can be said for winning. And on November 14, 2013 at the WTS Los Angeles annual scholarship and awards dinner, Los Angeles County Metropolitan Transportation Authority's Diversity & Economic Opportunity Executive Officer Linda B. Wright and Metro Congestion-Reduction Initiative Executive Officer Stephanie Wiggins made a statement by winning the WTS-LA 2013 Diversity Leadership Award and the 2013 Woman of the Year Award, respectively. With Metro since 1999, Wright has pioneered diversity and small-business outreach, virtually redefining both through key, effective initiatives. Wiggins joined Metro in 2008 and has made her mark through the highly successful ExpressLanes Project and numerous other achievements; she was recently named Executive Director of Contracts/ Vendor Management and Procurement for Metro.
