

Transportation Bucks Start Here

Therese McMillan (FTA Deputy Administrator), 2014

On Wednesday, July 31, 2013, Los Angeles Metro board member **Dianne DuBois**, Caltrans Chief Deputy Director **Norma Ortega**, and FTA Deputy Administrator **Therese McMillan** (above) presented their respective visions about how transportation projects get funded on the federal, state, and local level. More than 200 guests—including one of the largest contingents of dignitaries to attend a WTS-LA event—joined mayors, public works directors, and decision makers from the Gateway Cities and WTS-LA members to learn how future transportation funding will affect Los Angeles County. This event was chaired by Programs Co-Chair Jill Liu of Fehr and Peers.
