## It's Your Career - Time to Take Charge!

Looking for help to get to the next stage in your career? Join Vistage International Master Chair and Executive Coach Beth Adkisson and HNTB Vice President and Toll Market Practice Leader Greg Hulsizer for a practical, interactive workshop on how to take control of your career and prepare for your next big move. Whether you are just getting started, are mid-career, or looking to wind down in a few years, you will leave this workshop with new insights, tools, and an action plan to make the next step in your career happen.

Using a combination of presentations, personal exercises, and breakout sessions, you will identify where you are now, where you would like to go, and learn how to take control of your career path with “intentionality.” You will also receive tools and suggestions to place yourself “in the path” of your next opportunity. Finally, you will leave with a personal action plan to jump start your journey.
