

**The Markosky Engineering Group, Inc.**

**Career Opportunities in Ligonier, PA – York, PA – Steubenville, OH – Charleston, WV**

The Markosky Engineering Group, Inc. provides engineering and environmental services to public and private clients in the Mid-Atlantic region. We are a diverse team of professionals, expert in our disciplines. We have a comprehensive understanding of current environmental and engineering standards, and a commitment to sustainable design initiatives.

In our over 22 years in business, we have built long-lasting and successful relationships with clients from offices in Pennsylvania, Ohio and West Virginia. Markosky is seeking talented individuals to help grow our offices in Ligonier and York, PA, Steubenville, OH and Charleston, WV. The successful candidate will be based in one of our offices with the ability to maintain a **weekly hybrid work schedule** (occasional travel to each office will be required). We are excited to bring on team members in the following categories:

Senior Bridge Project Engineer - Structures - 10-15 years ([click here for advertisement](#))

Project Engineer - Roadway - 5-10 years ([click here for advertisement](#))

Roadway Design Engineer I - 0-5 years ([click here for advertisement](#))

Certified Bridge Safety Inspector - 0-4 years ([click here for advertisement](#))
