WTS GNY - Committee Opportunities!

Communications Committee:

A great opportunity to get involved with WTS GNY! If you have a background in writing/editing, technology or social media, the WTS Communications Committee has many opportunities to offer you. Please get in touch with Donna Tafro at wtsgny.communications@gmail.com.

New Initiative - Glass Ceiling Committee:

WTS-GNY Yvonne Lopez-Diaz, VP and HR Director with HNTB Corporation, will lead a new committee focused on "glass ceiling" issues that could be impeding the growth of women in the transportation industry. Yvonne will organize a "Glass Ceiling Committee" whose goal will be to conduct research and make recommendations on programs and policies that can be led by WTS-GNY to further its mission of advancing women in transportation. If you are interested in serving on this taskforce, please contact Keri Cibelli at kcibelli@akrf.com.

TransAction Conference
Tropicana Hotel, Atlantic City NJ

TransConOpps Contracting Opportunities for A/E/C/Env - VIP Double-Session This two-part session features briefings of upcoming opportunities in NJ, NY and PA for the transportation sector. Senior executives from each agency will provide detailed information on the anticipated contracting opportunities for the architecture, engineering, construction, and environmental communities for the next two to three forthcoming fiscal years. Presentations will also include an overview of the agency's mission, a description of procurement practices, and the technical scope of services to be performed. Speakers are available to answer questions at the conclusion of the briefings during the session. This is a "don't miss" session for attendees who have or are interested in doing business with various state transportation agencies including New Jersey Turnpike Authority, New Jersey Transit, New Jersey Turnpike Authority, NJ DOT, Delaware River Port Authority, Port Authority of NY & NJ and others. The session provides attendees with information specifically about anticipated contracts so they can evaluate and better respond to solicitations. The benefit to the agencies themselves is increased competition and response to these solicitations and an improved understanding of the types of contracting methods and projects each agency will be issuing. This session will benefit architect, planning, engineering, environmental, construction firms and will also be an effective environment for networking and interaction among representatives from large and small firms. Various professional licensing educational credits will be available to attendees who attend both sessions. This double-session is generously sponsored by Womens Transportation Seminars Philadelphia and Greater New York chapters.

Moderator: Susan Boone, President, Legerity Consultants

Speaker: Rob Fischer, PE, Chief Engineer - New Jersey Turnpike Authority

Speaker: Steve Santoro, Assistant Executive Director for Capital Programs - NJ Transit

Speaker: Joseph Dee, Deputy Director of Program Advancement & Communication - New Jersey DOT

Speaker: Michael Venuto, PE, PLS, Director of Engineering/Chief Engineer - Delaware River Port Authority

Speaker: (speaker confirmation pending at press time) - SEPTA

Speaker: Stephanie Dawson, Chief Operating Officer
