Demystifying NYC Biking: WTS-GNY Young Professionals - NYC DOT-Citi Bike Autumn Tour

By Adrienne Zicklin Kanter, Editor

On September 18th, WTS GNY's Young Professionals Committee joined forces with NYC Department of Transportation (NYC DOT) and Citi Bike, the privately-owned public bike-sharing program in New York City, for an early-evening tour of a segment of the city's bike network. It was a fun and successful networking event, as well as an interesting and exhilarating introduction to cycling in the city and to the work that is involved in developing and maintaining the city's quickly-growing bicycle network. Glass Ceiling Committee Survey:

The Glass Ceiling Committee is pursuing research and development of a study to benchmark transportation industry women's leadership roles in the New York metropolitan area. The study also will identify whether the glass ceiling is a barrier to their growth and success. The results of this study will identify potential policies and/or programs to support the recruitment, retention, and advancement of women in the field. Part of the committee's work involves surveying companies, both public and private.

Your help in promoting the survey is very much needed and appreciated. For the survey to get to the right HR professional, we need your

WTS GNY - Volunteer Opportunities:

Volunteer for a Committee:

A great opportunity to get involved with WTS GNY! We need transportation-savvy volunteers. If you want to get involved, have time to volunteer and contribute, please contact us immediately! Contact [Keri Cibelli](mailto:Keri.Cibelli@wts.org) our Volunteer Champion today!

Transportation You Committee:

The NJ Chapter of the Committee is looking for new mentors and committee members for 2017-2018. Our mentoring program inspires young women (14-18) to pursue careers in STEM and Transportation. Transportation YOU is a hands-on, interactive, mentoring program that offers girls an introduction to a wide variety of transportation careers. WTS members work to make a difference in the lives of high school girls in Newark, NJ, by offering site tours, professional development and group activities that will spark their interest in all modes of transportation. We also seek to encourage them to take courses in math, science, and technology, which are the stepping stones to exciting careers that can change the face of the transportation industry.

To find out how you can get involved, please contact Sutapa Bandyopadhyay at sband@njtpa.org.
