

▶ Project Manager – Bridge Structures

Stahl Sheaffer is currently seeking to hire a **Project Manager** to join our Bridge Structures group at any of our Pennsylvania office locations – Canonsburg, Clearfield, Harrisburg, Selinsgrove, or State College.

Bridge Project Manager Responsibilities:

- Lead the delivery of a growing portfolio of bridge design and bridge inspection projects
- Provide technical guidance to bridge designers, junior engineers, and technicians in the delivery of projects
- Build project plans, lead project pursuits, and manage clients
- Manage and oversee project financials
- Prepare and review plans, specifications, and associated project design requirements
- Author bridge studies and inspection reports
- Perform bridge analyses, design calculations and field inspections of bridges
- Interpret scope-of-work documents and plan staffing, effort, and resource needs
- Lead bridge designers and junior engineers in their performance of tasks and assignments
- Review bridge plan submittals for quality standards
- Provide license seal for final construction plans and bid documents
- Monitor and report the status, progress, and costs of assigned projects

Minimum Requirements for the Position:

- B.S. in Civil Engineering (BSCE)
- Licensed Professional Engineer
- 8 years of experience designing bridge projects and/or leading bridge inspection contracts
- The ability to obtain state and federal background clearances to permit working onsite when necessary
- A valid driver's license and daily access to a motor vehicle

Preferred Qualifications:

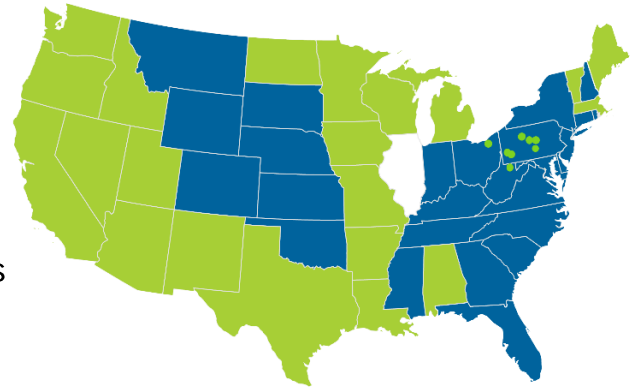

- Progressive experience in bridge project management, bridge structure design, bridge structure plan development, and bridge-related specifications for PennDOT, PA Turnpike, and/or similar local projects
- Strong organizational and management skills
- Experience in oversight of design teams/work
- Experience with bridge hydrologic and hydraulic (H&H) analyses a plus
- Knowledge/experience with Bentley Microstation
- CBSI experience/certification a plus
- Project management software, applications, and scheduling tools
- Excellent oral, written, and interpersonal communication with co-workers, clients, and the general public
- Proficiency with Microsoft Office programs including Word, Excel, and PowerPoint
