786-397-2100 | victoria.palek@arcadis.com

A NOTE FROM THE PRESIDENT

The WTS-Boston Chapter continues to be one of the largest and strongest of WTS International's 70+ chapters. One of the reasons our Chapter is so successful is because of our meaningful and relevant programming driven by our committee volunteers. Our chapter advances women and advances transportation by developing events and networking opportunities, recognizing our successes and those of our local industry in our weekly newsletter and annual awards, growing future leaders through mentoring, scholarships, and youth programming, and in many other ways. I look forward to maintaining the momentum of our Chapter, but I can't do it without your help. We are operated completely by volunteers including our Board of Directors, Advisory Board, Committee Co-Chairs, and Committee Members. I encourage you to take a look at our many committees, reach out, and get involved in something you are passionate about, or in an area where you want to learn and grow. The best way to learn about WTS and benefit from it is to get involved. Through volunteering, I am confident you'll develop new friendships, have networking opportunities, improve your leadership skills, and get exposure to top women in the transportation industry. Our committees are always looking for new members and fresh ideas. Please reach out to those listed in this brochure or speak with us at one of our events to learn more.

Gina Solman, WTS-Boston President
