

High School Scholarship Program

WTS fosters the development of women in the transportation industry by encouraging bright new professionals and students to undertake careers in the area of transportation. One way it does this is by awarding the WTS Transportation YOU High School Scholarship to girls pursuing high school studies in science, technology, engineering, and math.

The High School Scholarship minimum criteria for selection are as follows:

- a. Open to women
- b. Applicant must be a high school senior for the 2025-2026 school year
- c. GPA of 3.0 or higher
- d. Currently studying math, science, and technology
- e. Considering a college degree in a transportation-related field

The scholarships are competitive and based on the applicant's specific transportation study goals, academic records, and transportation-related activities or job skills. Minority candidates are encouraged to apply.
