Which is it – Partnership or Membership?!

Partnership represents your agency's association with our local chapter as a whole. The primary benefit provided by this Partnership is attendance by your staff, of any level, at all of our events in order to interact with other agencies and private firms within the local transportation industry. Our chapter hosts dozens of events each year on a variety of topics to encourage diverse workforce participation, recognition of local, regional and national transportation leaders, develop interest for transportation by young professionals through scholarships, along with unique technical and professional development sessions. Use your complimentary tickets to participate in “members only” events and allow different staff to attend each event (provide names at each event registration). No need to pay an invoice for a specific number of tickets in advance of each event – just join as a Partner!

Membership applies to individual people and is managed by our parent organization, WTS International (WTSI), with coordination by our local chapter Membership Committee. Membership allows an individual access to virtual webinars and workshops hosted by WTSI, discounted registration for national and regional conferences, and invitations to “members-only” events – including voting for our chapter annual recognitions awards! Membership also provides opportunities to connect with a greater WTS audience in other regions.

- Encourage your staff to participate as an Active Board/Committee member to utilize the complimentary memberships offered in your Partnership benefits!*
- Consider providing Memberships to your staff! We would be happy to submit individual Memberships for your staff to WTSI on your behalf and then include those Membership dues on one consolidated invoice from our chapter with your Partnership fee.*
