OF MARYLAND COLLEGE PARK**

MORE INFORMATION:

The **WTS Capital Summit**, a signature program of Transportation YOU, offers students an opportunity to meet the transportation industry through leaders, government and administration officials, and college students beginning their own career journeys in the industry. Historically, the Summit brings high school-aged mentees and transportation professional mentors from across the country to the Washington, D.C. area for a week long summer program of tours, lectures, and interactive experiences showcasing careers in transportation. Each year, up to two high school students and a mentor are selected and sponsored by the WTS Pittsburgh chapter to attend. **To apply for a spot at the Capital Summit, scan the QR code on the other side of this flyer and complete the application.**
